Introduction: As we have been learning throughout our study, wisdom is essential to navigate life successfully.

1. We know it comes from God.
2. We know it's communicated in His Word.
3. We know it's a "rest of life" process.
4. No matter how much progress we make, we also know "no one has all the answers."
5. Wisdom recognizes this and intentionally chooses to live in community, to live inter-dependently.
6. This is how God designed us, and this will make us better.
7. Life has a way of stumping us. But when you are living in community you are never alone.
8. We have God and each other to meet the challenges of life.
9. Proverbs shares what this looks and sounds like.

I. The Wise Welcome Godly Counsel

- A. Two Very Different Pictures
- B. Two Very Different Outcomes

II. The Wise Offer Godly Counsel

A. Ungodly Counsel

- Evil

- Deceit
- Self-will

B. Godly Counsel

- Discernment
- Genuine (From The Soul)

Conclusion: Throughout our lives we will encounter need to know, need to grow moments.

1. We were not designed to meet these moments alone.
2. Wisdom understands our need for God and each other.
3. As we live in community:
  - We Bond
  - We Grow Stronger
  - We Overcome
4. Let us commit to:
  - Knowing The Truth
  - Living The Truth
  - Sharing The Truth
  - Receiving The Truth
  - Bearing One Another's Struggles
