“Happiness”
Psalm 1:1-3

Introduction: We have just concluded our study of Proverbs by focusing on Solomon’s season of dissatisfaction.

- Our next series will be “Experiencing God.”
- Before we get there, I want to contrast Solomon’s dissatisfaction by focusing on what it takes to be happy.

1. The desire to be happy is a common denominator in life.
2. The question is: How do we get there?
3. There are two possibilities:
 - Man’s Way
 - God’s Way

I. The Prescription For Happiness

A. Happiness Cannot Be Found By ...

B. Happiness Can Be Found By ...

- Valuing God’s Word

- Assimilating God’s Word

II. The Picture Of Happiness

A. Stability

B. Fruitfulness

C. Endurance

D. Prosperity

Conclusion: We all want to be happy.

1. For many, happiness is elusive.
2. David shows us how it’s possible.
3. Are you building your life on God and His Word?
